Index of Authors

A

Allen, J.P.
The interrelationship of alcoholism assessment and treatment
Number 3, Pages 178–185

Alterman, A.A.
Encouraging collaboration between research and clinical practice in alcohol and other drug abuse treatment
Number 3, Pages 221–227

Annis, H.M.
Relapse prevention
Number 3, Pages 204–212

Archer, L.
Marketing new ideas about treatment
Number 3, Pages 213–214

Arria, A.M.
The effects of alcohol abuse on the health of adolescents
Number 1, Pages 52–57

B

Babor, T.F.
Just say Y.E.S.: Matching adolescents to appropriate interventions for alcohol and other drug-related problems
Number 1, Pages 76–86

Barron, S.
Influence of prenatal alcohol exposure on the process of neurobehavioral sexual differentiation
Number 2, Pages 115–125

Beresford, T.P.
The nosology of alcoholism research
Number 4, Pages 260–265

Bloomfield, K.A.
Gay and alcoholic: Epidemiologic and clinical issues
Number 2, Pages 151–160

Blume, S.B.
Sexuality and stigma: The alcoholic woman
Number 2, Pages 139–146

C

Caces, M.F.
Comparative alcohol-related mortality statistics in the United States by state, 1979–1985
Number 2, Pages 161–168
Alcohol use and physically risky behavior among adolescents
Number 3, Pages 228–233

Caldwell, F.
Refining the link between research and practice
Number 3, Pages 175–177

Chou, P.
Prevalence of DSM–III–R alcohol abuse and dependence: United States, 1988
Number 1, Pages 91–96

Crowe, L.
Genetics of alcoholism: Can and should youth at risk be identified?
Number 1, Pages 11–17

Crowley, T.J.
Evolution of the DSM diagnostic criteria for alcoholism
Number 4, Pages 278–283

D

Davis, C.S.
Relapse prevention
Number 3, Pages 204–212

Dawson, D.A.
Prevalence of DSM–III–R alcohol abuse and dependence: United States, 1988
Number 1, Pages 91–96

Del Boca, F.K.
Just say Y.E.S.: Matching adolescents to appropriate interventions for alcohol and other drug-related problems
Number 1, Pages 76–86

Doria, J.
The normal reproductive system
Number 2, Pages 101–103
On defining alcoholism
Number 4, Pages 253–259

Dorman, N.D.
Initiatives to curb alcohol abuse and alcoholism in the former Soviet Union
Number 4, Pages 303–306

E

Eigen, L.D.
OSAP college drinking campaign—"Put on the brakes: Take a look at college drinking!"
Number 1, Pages 87–89

Elliott, S.D.
Comparative alcohol-related mortality statistics in the United States by state, 1979–1985
Number 2, Pages 161–168

F

Fischhoff, B.
Adolescent alcohol decisions
Number 1, Pages 43–51

Fitzgerald, H.E.
Early developmental factors and risk for alcohol problems
Number 1, Pages 18–24

Flavin, D.K.
What is alcoholism? Current definitions and diagnostic criteria and their implications for treatment
Number 4, Pages 266–271

Frawley, P.J.
Developing standardized measures of treatment outcome
Number 3, Pages 201–203

G

Gavaler, J.S.
Effects of alcohol on female endocrine function
Number 2, Pages 104–108
Effects of alcohol on the male reproductive system
Number 2, Pages 110–114

Geller, A.
Practical concerns for the use of assessment instruments in a clinical treatment setting
Number 3, Pages 186–187

George, W.H.
Alcohol, disinhibition, sexual arousal, and deviant sexual behavior
Number 2, Pages 133–138

Gilbert, M.J.
Acculturation and changes in drinking patterns among Mexican-American women: Implications for prevention
Number 3, Pages 234–238

Goldman, M.S.
Alcohol expectancies and sexuality
Number 2, Pages 126–132

Gordis, E.
Linking research with practice: Common bonds, common progress
Number 3, Pages 173–174

Grant, B.F.
Prevalence of DSM–III–R alcohol abuse and dependence: United States, 1988
Number 1, Pages 91–96
A comparison of diagnostic criteria: DSM–III–R, proposed DSM–IV, and proposed ICD–10
Number 4, Pages 284–292

H

Harford, T.C.
Prevalence of DSM–III–R alcohol abuse and dependence: United States, 1988
Number 1, Pages 91–96
Alcohol use and physically risky behavior among adolescents
Number 3, Pages 228–233

Alcohol and Youth

Linking Alcoholism Treatment Research with Clinical Practice

Alcohol and Sexuality

Hasin, D.S.
Diagnostic interviews for assessment: Background, reliability, validity
Number 4, Pages 293–302

Hass, W.
Just say Y.E.S.: Matching adolescents to appropriate interventions for alcohol and other drug-related problems
Number 1, Pages 76–86

Hegedus, A.M.
The Drug Use Screening Inventory: Its applications in the evaluation and treatment of alcohol and other drug abuse
Number 1, Pages 65–75

Helzer, J.E.
Evolution of the DSM diagnostic criteria for alcoholism
Number 4, Pages 278–283

Higgins-Biddle, J.
Just say Y.E.S.: Matching adolescents to appropriate interventions for alcohol and other drug-related problems
Number 1, Pages 76–86

Huey, E.D.
Finer points about new treatment approaches
Number 3, Pages 219–220

J

Jacobi, B.
Just say Y.E.S.: Matching adolescents to appropriate interventions for alcohol and other drug-related problems
Number 1, Pages 76–86

Johnson, J.L.
Models of vulnerability to psychopathology in children of alcoholics: An overview
Number 1, Pages 32–42

K

Keller, M.
On defining alcoholism
Number 4, Pages 253–259

Kelman, S.
The economic cost of alcohol abuse
Number 4, Pages 307–316

L

Leigh, B.C.
Alcohol consumption and sexual risk-taking in adolescents
Number 1, Pages 58–63

Longabaugh, R.
Monitoring treatment outcomes
Number 3, Pages 189–200

M

May, P.A.
Fetal alcohol effects among North American Indians: Evidence and implications for society
Number 3, Pages 239–248

McCrady, B.S.
Promising but underutilized treatment approaches
Number 3, Pages 215–218

McGivern, R.F.
Influence of prenatal alcohol exposure on the process of neurobehaviorial sexual differentiation
Number 2, Pages 115–125

McLaney, M.A.
Just say Y.E.S.: Matching adolescents to appropriate interventions for alcohol and other drug-related problems
Number 1, Pages 76–86

McLellan, A.T.
Encouraging collaboration between research and clinical practice in alcohol and other drug abuse treatment
Number 3, Pages 221–227

Miller, L.S.
The economic cost of alcohol abuse
Number 4, Pages 307–316

Morrison, D.M.
Alcohol consumption and sexual risk-taking in adolescents
Number 1, Pages 58–63

Morse, R.M.
What is alcoholism? Current definitions and diagnostic criteria and their implications for treatment
Number 4, Pages 266–271

N

Nathan, P.E.
Evolution of the DSM diagnostic criteria for alcoholism
Number 4, Pages 278–283

Noble, J.
Prevalence of DSM–III–R alcohol abuse and dependence: United States, 1988
Number 1, Pages 91–96
Comparative alcohol-related mortality statistics in the United States by state, 1979–1985
Number 2, Pages 161–168

Norris, J.
Alcohol, disinhibition, sexual arousal, and deviant sexual behavior
Number 2, Pages 133–138

O

O'Brien, C.P.
Encouraging collaboration between research and clinical practice in alcohol and other drug abuse treatment
Number 3, Pages 221–227

P

Paul, J.P.
Gay and alcoholic: Epidemiologic and clinical issues
Number 2, Pages 151–160

Peterson, J.B.
Attention-deficit hyperactivity disorder, childhood conduct disorder, and alcoholism: Is there an association?
Number 1, Pages 25–31

Pickens, R.W.
Genetic contributions to alcoholism diagnosis
Number 4, Pages 272–277

Pickering, R.
Prevalence of DSM–III–R alcohol abuse and dependence: United States, 1988
Number 1, Pages 91–96

Pihl, R.O.
Attention-deficit hyperactivity disorder, childhood conduct disorder, and alcoholism: Is there an association?
Number 1, Pages 25–31

Q

Quadrel, M.J.
Adolescent alcohol decisions
Number 1, Pages 43–51

Quinlan, J.W.
OSAP college drinking campaign—"Put on the brakes: Take a look at college drinking!"
Number 1, Pages 87–89

R

Rice, D.P.
The economic cost of alcohol abuse
Number 4, Pages 307–316
Roehrich, L.
Alcohol expectancies and sexuality
Number 2, Pages 126–132
Rolf, J.E.
Models of vulnerability to psychopathology in children of alcoholics: An overview
Number 1, Pages 32–42

S

Schuckit, M.A.
Evolution of the DSM diagnostic criteria for alcoholism
Number 4, Pages 278–283
Sher, K.J.
Models of vulnerability to psychopathology in children of alcoholics: An overview
Number 1, Pages 32–42
Stall, R.
Gay and alcoholic: Epidemiologic and clinical issues
Number 2, Pages 151–160
Stinson, F.S.
Prevalence of DSM–III–R alcohol abuse and dependence: United States, 1988
Number 1, Pages 91–96
Comparative alcohol-related mortality statistics in the United States by state, 1979–1985
Number 2, Pages 161–168
Alcohol use and physically risky behavior among adolescents
Number 3, Pages 228–233
Svikis, D.S.
Genetic contributions to alcoholism diagnosis
Number 4, Pages 272–277

T

Tarter, R.E.
The effects of alcohol abuse on the health of adolescents
Number 1, Pages 52–57
The Drug Use Screening Inventory: Its applications in the evaluation and treatment of alcohol and other drug abuse
Number 1, Pages 65–75
Towle, L.H.
A comparison of diagnostic criteria: DSM– III–R, proposed DSM–IV, and proposed ICD–10
Number 4, Pages 284–292
Initiatives to curb alcohol abuse and alcoholism in the former Soviet Union
Number 4, Pages 303–306

V

Van Thiel, D.H.
The effects of alcohol abuse on the health of adolescents
Number 1, Pages 52–57
Effects of alcohol on the male reproductive system
Number 2, Pages 110–114

W

Wilsnack, S.C.
Sexuality and women's drinking: Findings from a U.S. national study
Number 2, Pages 147–150
Wilson, J.R.
Genetics of alcoholism: Can and should youth at risk be identified?
Number 1, Pages 11–17
Windle, M.
Alcohol use and abuse: Some findings from the National Adolescent Student Health Survey
Number 1, Pages 5–10
Woody, G.E.
Encouraging collaboration between research and clinical practice in alcohol and other drug abuse treatment
Number 3, Pages 221–227
Evolution of the DSM diagnostic criteria for alcoholism
Number 4, Pages 278–283
Wright, H.I.
Effects of alcohol on the male reproductive system
Number 2, Pages 110–114

Z

Zucker, R.A.
Early developmental factors and risk for alcohol problems
Number 1, Pages 18–24

Index of Articles

A

Acculturation and changes in drinking patterns among Mexican-American women: Implications for prevention
M.J. Gilbert
Number 3, Pages 234–238
Adolescent alcohol decisions
B. Fischhoff and M.J. Quadrel
Number 1, Pages 43–51
Alcohol consumption and sexual risk-taking in adolescents
B.C. Leigh and D.M. Morrison
Number 1, Pages 58–63
Alcohol, disinhibition, sexual arousal, and deviant sexual behavior
W.H. George and J. Norris
Number 2, Pages 133–138
Alcohol expectancies and sexuality
M.S. Goldman and L. Roehrich
Number 2, Pages 126–132
Alcohol use and abuse: Some findings from the National Adolescent Student Health Survey
M. Windle
Number 1, Pages 5–10
Alcohol use and physically risky behavior among adolescents
M.F. Caces, F.S. Stinson, and T.C. Harford
Number 3, Pages 228–233
Attention-deficit hyperactivity disorder, childhood conduct disorder, and alcoholism: Is there an association?
R.O. Pihl and J.B. Peterson
Number 1, Pages 25–31

C

Comparative alcohol-related mortality statistics in the United States by state, 1979–1985
M.F. Caces, F.S. Stinson, S.D. Elliott, and J.A. Noble
Number 2, Pages 161–168
Comparison of diagnostic criteria: DSM–III–R, proposed DSM–IV, and proposed ICD–10
B.F. Grant and L.H. Towle
Number 4, Pages 284–292

D

Developing standardized measures of treatment outcome
P.J. Frawley
Number 3, Pages 201–203
Diagnostic interviews for assessment: Background, reliability, validity
D.S. Hasin
Number 4, Pages 293–302

Alcohol and Youth

Drug Use Screening Inventory: Its applications in the evaluation and treatment of alcohol and other drug abuse
R.E. Tarter and A.M. Hegedus
Number 1, Pages 65–75

E

Early developmental factors and risk for alcohol problems
R.A. Zucker and H.E. Fitzgerald
Number 1, Pages 18–24
Economic cost of alcohol abuse
D.P. Rice, S. Kelman, and L.S. Miller
Number 4, Pages 307–316
Effects of alcohol abuse on the health of adolescents
A.M. Arria, R.E. Tarter, and D.H. Van Thiel
Number 1, Pages 52–57
Effects of alcohol on female endocrine function
J.S. Gavaler
Number 2, Pages 104–108
Effects of alcohol on the male reproductive system
H.I. Wright, J.S. Gavaler, and D. Van Thiel
Number 2, Pages 110–114
Encouraging collaboration between research and clinical practice in alcohol and other drug abuse treatment
G.E. Woody, A.T. McLellan, A.A. Alterman, and C.P. O'Brien
Number 3, Pages 221–227
Evolution of the DSM diagnostic criteria for alcoholism
M.A. Schuckit, P.E. Nathan, J.E. Helzer, G.E. Woody, and T.J. Crowley
Number 4, Pages 278–283

F

Fetal alcohol effects among North American Indians: Evidence and implications for society
P.A. May
Number 3, Pages 239–248
Finer points about new treatment approaches
E.D. Huey
Number 3, Pages 219–220

G

Gay and alcoholic: Epidemiologic and clinical issues
J.P. Paul, R. Stall, and K.A. Bloomfield
Number 2, Pages 151–160
Genetic contributions to alcoholism diagnosis
R.W. Pickens and D.S. Svikis
Number 4, Pages 272–277
Genetics of alcoholism: Can and should youth at risk be identified?
J.R. Wilson and L. Crowe
Number 1, Pages 11–17

I

Initiatives to curb alcohol abuse and alcoholism in the former Soviet Union
N.D. Dorman and L.H. Towle
Number 4, Pages 303–306
Influence of prenatal alcohol exposure on the process of neurobehavioral sexual differentiation
R.F. McGivern and S. Barron
Number 2, Pages 115–125
International project on adolescent drinking
Number 1, Page 90
Interrelationship of alcoholism assessment and treatment
J.P. Allen
Number 3, Pages 178–185

J

Just say Y.E.S.: Matching adolescents to appropriate interventions for alcohol and other drug-related problems
T.F. Babor, F.K. Del Boca, M.A. McLaney, B. Jacobi, J. Higgins-Biddle, and W. Hass
Number 1, Pages 76–86

L

Linking research with practice: Common bonds, common progress
E. Gordis
Number 3, Pages 173–174

M

Marketing new ideas about treatment
L. Archer
Number 3, Pages 213–214
Models of vulnerability to psychopathology in children of alcoholics: An overview
J.L. Johnson, K.J. Sher, and J.E. Rolf
Number 1, Pages 32–42
Monitoring treatment outcomes
R. Longabaugh
Number 3, Pages 189–200

N

Normal reproductive system
J. Doria
Number 2, Pages 101–103
Nosology of alcoholism research
T.P. Beresford
Number 4, Pages 260–265

O

On defining alcoholism
M. Keller and J. Doria
Number 4, Pages 253–259

Linking Alcoholism Treatment Research with Clinical Practice

OSAP college drinking campaign—"Put on the brakes: Take a look at college drinking!"
L.D. Eigen and J.W. Quinlan
Number 1, Pages 87–89

P

Practical concerns for the use of assessment instruments in a clinical treatment setting
A. Geller
Number 3, Pages 186–187
Prevalence of DSM–III–R alcohol abuse and dependence: United States, 1988
B.F. Grant, T.C. Harford, P. Chou, R. Pickering, D.A. Dawson, F.S. Stinson, and J. Noble
Number 1, Pages 91–96
Promising but underutilized treatment approaches
B.S. McCrady
Number 3, Pages 215–218

R

Refining the link between research and practice
F. Caldwell
Number 3, Pages 175–177
Relapse prevention
H.M. Annis and C.S. Davis
Number 3, Pages 204–212

S

Sexuality and stigma: The alcoholic woman
S.B. Blume
Number 2, Pages 139–146
Sexuality and women's drinking: Findings from a U.S. national study
S.C. Wilsnack
Number 2, Pages 147–150

W

What is alcoholism? Current definitions and diagnostic criteria and their implications for treatment
D.K. Flavin and R.M. Morse
Number 4, Pages 266–271
